State revokes, suspends licenses, certifications, registrations of health care providers

OLYMPIA — The Washington State Department of Health has revoked or suspended the licenses, certifications, or registrations of health care providers in our state. The department has also immediately suspended the credentials of people who have been prohibited from practicing in other states.

The department's Health Systems Quality Assurance Office works with boards, commissions and advisory committees to set licensing standards for more than 70 health care professions (e.g., medical doctors, nurses, counselors).

Information about health care providers is on the agency's website. Click on "Provider Credential Search" on the left hand side of the [Department of Health home page](http://www.doh.wa.gov) (www.doh.wa.gov). The site includes information about a health care provider's license status, the expiration and renewal date of their credential, disciplinary actions and copies of legal documents issued after July 1998. This information is also available by calling 360-236-4700. Consumers who think a health care provider acted unprofessionally are also encouraged to call and report their complaint.

Franklin County

In December 2011 the Chemical Dependency Professional Program revoked the credential of **Wayne Jenkins** (CP00000981). Jenkins crossed professional boundaries with several clients, including making comments about their breasts, and touching the breast of two clients.

King County
